INTERNSHIP CERTIFICATE

This is to certify that Divyakush Punjabi has successfully completed an internship at GovernAI from 11th May 2026 to 30th June 2026.

During the internship period, Divyakush Punjabi worked as a **Web Developer Intern**, where he consistently demonstrated strong technical skills, creativity, and professional conduct.

Key responsibilities included:

- Designed and developed the frontend of Research Atlas and integrated it with the backend to provide a seamless research discovery experience.
- Developed the frontend for the GovernAI Simulator, integrated it with the backend, and delivered an intuitive user experience.
- Revamped GovernAI's corporate website and implemented SEO improvements to enhance its online visibility and digital presence.

During the internship, Divyakush Punjabi demonstrated excellent problem solving abilities, attention to detail, and a strong commitment to Web Development. His contributions to user interface design, development, digital platforms and collaborative teamwork played a valuable role in enhancing GovernAI's products and online presence. We are confident that his knowledge and skills will contribute significantly to his future professional endeavors.
